MidMarket Capital Advisors
102 South Quincy Street
Hinsdale, IL 60521

Dear Mike and Dave:

Now that the acquisition of BrightStar Partners and BSP Software has been completed by Avnet, I would like to thank MidMarket Capital Advisors for your efforts in this transaction. You and your team was there every step of the way to keep the process on track, to intervene on our behalf when needed, and to provide us valuable counsel throughout.

MMCA understood our business and our market while presenting us to a large cross-section of qualified buyers. We were impressed with your experience in the deal making process, deal structure, and the negotiating process. Of particular importance to us was your commitment and passion to fight for our transaction value.

When we decided to seek an acquisition, we knew that we would need some help. We had no idea how grueling and complex the process would be. We are very appreciative that MMCA was our partner in this journey.

We would highly recommend MidMarket Capital Advisors to represent software and information technology owners that are seeking to sell their company.

Sincerely,

Neil Morgan
President
BrightStar Partners, Inc.
